

SUN BEAMS

By WALTER M. BARRETT

We recently had the pleasure of talking with a woman from a small California city who told of the activities of a women's club which took the problem upon their shoulders to provide the thriving and up to date city with parks. The task was not an easy one. Committees were chosen with care and plans laid for fiestas with home talent to provide the entertainment—entirely a community affair. Donations were made by civic minded citizens who dedicated parts of the land in memoriam of their loved ones. McClaren, father of the Golden Gate park project in San Francisco, was consulted and lent his invaluable aid in laying the centers out to the best advantage. The work was finally done. The women can be justly proud of having chosen such an incentive and realizing a lasting monument to their concentrated efforts to beautify their home town.

The firemen's dance went over with a bang, the boys finding that the local businessmen and other residents are fully appreciative of their work and efforts. The department cleared approximately \$175 and the public enjoyed one of the best dances ever held here.

Now another local organization, the American Legion is planning a dance in celebration of that event of all events in the life of the ex-service men—Armistice Day. Nineteen years later it is hard to recall the sensations of joy and gladness which came with announcement of the Armistice, but if ever a day in the life of the present generation is worthy of celebration it is Armistice Day and you can be assured that the veterans have not forgotten what it stands for and they will go on celebrating it for years. This year Truckee post of the American Legion wants you to help them with their celebration on November 13 at Masonic Hall. You can be assured of a good time.

There is nothing so despairing as apathy, that attitude of indifference which invariably destroys the best intentions ever conceived. We have particular reference to the lack, or apparent lack of interest in winter sports for Truckee which seem to have lost all interest for the people of this natural winter sports district. Outsiders are astonished when they hear that Truckee may forego the winter sports activities this year. They are quick to point out our big advantages over other snow areas and cannot understand the attitude here. While other districts from one end of the state to the other make plans, some elaborate, others more or less mediocre, we stand back and wait, displaying apathy in its most lucid form. Only a few short weeks at most remain before plans for the annual festivities must have matured and we hear nothing—not even a good rousing no. A no at least would end the indifference and put an final answer to the question.

This week one of the Southern Pacific company's most loyal and efficient employees, Engineer Mike McCue, was retired. He has more than earned his retirement and his scores of friends here will join in extending congratulations and best wishes.

SPEAKERS NAMED FOR P. T. A. MEET TOMORROW NIGHT

A regular meeting of the Truckee Union, P. T. A. will be held in the high school Friday, November 5 at 7:30 p. m. it was announced this week by Mrs. S. E. Gordon, the president.

The district president, Mrs. Ada Stoll and vice presidents, Mrs. J. C. Griffith and Mrs. B. E. Eastburn, Recording Secretary Mrs. R. L. McKern and District Chairman of the study groups Mrs. A. W. Ingram are planning to attend the meeting and will talk.

Refreshments will be served following the meeting, according to Mrs. N. F. Dolley, tea hostess. It is hoped the attendance will be large.

CAPITAL OFFICERS NAB CHECK SUSPECT FOR LOCAL DEPUTY

Sacramento police reported to Deputy Sheriff N. F. Dolley this morning that acting upon his advice they had arrested Mel Grodzik, former Tahoe bar tender, wanted here on charges of passing worthless checks.

The suspect will be returned to Nevada City to await disposition of the case. He has been sought for several weeks by Dolley after the complaint had been issued to the Tourist cafe.

TAX INCREASE IN COUNTY SHOWN BY STUDY OF GROUP

Costs Swell From 1934 Low Of \$137,814 to High Of \$314,154

CURRENT COSTS RAISE

Levies Raised \$86,415 For Current Expense, Says Report

Taxes levied on common property in Nevada county for school, county and special district purposes increased \$137,814 from the 1933-34 low of \$176,340 to a high of \$314,154 in 1937-38, according to a study of taxes levied in California counties for the years 1932-33 to 1937-38, now being made by the California Taxpayers association.

General county levies for current purposes increased \$86,415 from their low of 1933-34 going to \$211,397 in 1937-38, while school levies for current purposes increased \$30,188 from their 1934-35 low, climbing to \$66,421 in 1937-38.

In addition to the county and the school levies for current purposes, in 1937-38 there was levied \$29,434 for school bonds, and \$6,902 for special districts. Tax levies by the cities were not included, the association stated.

Full-Time Warden Is Sought Here To Protect River

Chamber Endorses Letter To Commissioners Asking For Aid

The Truckee Chamber of Commerce Monday endorsed a letter directed to I. Zellerbach, member of the state fish and game commission and active worker in conservation projects, urging the appointment of a full-time warden for the Truckee river and its tributaries.

The letter was presented for approval by E. H. Hommon, custodian at the San Francisco Flycasting club east of here.

The message called attention to the fact that the businessmen here and the flycasting club spent more than \$1000 annually raising fish to be planted in the river and that without some protection against market fishermen and other game law violators, much of this money is wasted. For years the Truckee has been one of the best trout streams in the state and it is the desire of the chamber of commerce as well as others interested in our greatest natural resource to protect it against certain oblivion if past practices are continued.

RETURN FOOTBALL GAME WITH TAHOE SET FOR SUNDAY

The boys of the Meadow Lake Union high school will give the Tahoe high school boys a chance to avenge their defeat at the hands of the local football squad two weeks ago when a game is played at Tahoe at 2 o'clock Sunday afternoon back of Tahoe Inn.

The score of the last game was 12 to 2 in favor of the local team.

COUPLE ARRESTED ON DRUNK DRIVING FREED UNDER BAIL

Pleading not guilty to charges of operating a car while under the influence of liquor, Florence Clark and Paul Zunino, both of Reno were at liberty under \$50 bail each this week following their arrest at the local checking station.

They are scheduled to appear before Justice of the Peace C. E. Smith.

Legion Prepares For Dance Here On Armistice Day

Tickets Being Sold For Next Social Event For Truckee

Now that the firemen's dance is but a pleasant memory, members of Truckee Post of the American Legion are announcing their annual Armistice Day dance to be held at Masonic Hall on Saturday evening, November 13. The same orchestra which provided the excellent music for the firemen's dance will play for the Legion.

Charles Pierce is heading the committee in charge of the affair and promises a good entertainment for the affair.

College Students Plan Ski Lodge At Donner Summit

University of California Boys Planning For New Development

The Associated Students of the University of California executive committee is planning a ski lodge near Donner summit. The students are preparing to finance the lodge for the accommodation of students who wish to enjoy the winter sports, it is reported.

The Warren Vanderbilt trophy, to be presented annually to the outstanding Pacific coast intercollegiate ski team will be included in the college winter sports events for the season at hand.

Vanderbilt, a University of California ski star from Auburn was killed last spring when he fell from a high point in the American river canyon.

COLDEST DAY OF SEASON AS MARK OF 16 DEGREE SET

A New low mark for the year was set here Thursday morning when the temperature dropped to 16 and stood at 22 degrees at 8 a. m. This sudden drop, with the official barometer falling, indicates, forest service officials declare, that a snow storm may be in the offing.

The seasonal precipitation in this area is only .07 of an inch under normal, according to figures released by the Truckee Forest Service office.

For the fiscal year starting September 1, .19 of an inch of rain fell in the Truckee district, Dispatcher Ben Winslow reported.

Total precipitation for the present calendar year is 28.68 inches, the report said, much of this coming from the 231.45 inches of snow which fell since January 1.

Temperature readings reveal that the thermometer dropped down to its lowest point this fall on October 8 when the mercury hit 22 degrees. The highest reading for the month just past was 76 degrees.

HOBART LANDS AT TAHOE SOLD TO WEALTHY BAY MAN

Norman Blitz, Reno real estate man has announced the sale of the entire Hobart Estate company holding at Lake Tahoe to George Whittell, a wealthy San Francisco sportsman for the reported sum of "more than \$500,000."

The land consists of seven and a half miles of lake front from First creek near Crystal Bay through Incline to the Bliss holdings south of San Harbor.

Back country, which extends from the Reno side of Mt. Rose to the lake totals nearly 21,000 acres.

It is proposed to develop a summer and winter resort on the land, the announcement said.

Takes Agency—

The H. E. Saviers and Sons, Inc., of Reno have announced that Dave Cabona, local furniture store man is their local agent for Westinghouse and Monarch products. Details will be given in next week's issue of the Sierra Sun.

DOLLEY ASSUMES CHARGE OF LOCAL EXPRESS OFFICE

Muse Transferred To Elko As Changes Made In Office

N. F. (Tom) Dolley for the past five years messenger for the Railway Express company, Monday took charge of the Truckee office of the concern, replacing Robert Muse, the local agent for the past six years.

Muse is leaving immediately for a month's vacation following which he will be assigned to the office of the company at Elko, Nevada. Many friends will regret the departure of Mr. and Mrs. Muse, but they will be glad to know of his promotion.

No changes in the service and policies of the local office are planned, Dolley said.

Aside from his work as agent for the express company, Dolley plans to maintain his taxi service and will also remain as chief of the fire department, another position in which he has earned praise.

MISS COZZALIO WILL WED RENO MAN AT NUPTIALS SATURDAY

Miss Julie Cozzalio will become the bride of William T. Daniels at a ceremony to be attended by members of the immediate families at the home of Mr. and Mrs. Harold Daniels of Reno and performed by Rev. Brewster Adams on Saturday at 11 a. m. An ensemble of black and Nile green velvet, with harmonizing accessories have been chosen by the bride-to-be. A corsage of white orchids and lilies of the valley will complete the costume.

The bridesmaid will be Miss Ione Ghirard, niece of Miss Cozzalio. Miss Ghirard will wear an ensemble of light green and ashes of rose, the outfit being completed with a blending corsage.

Harold Daniels will act as best man for his brother.

Following the ceremony and reception the couple will depart on a trip, the destination of which has not been divulged. They will return to make their home in Reno.

Miss Cozzalio is the daughter of Mrs. Victor Cozzalio of Truckee and has scores of friends here where she has lived the greater part of her life. Recently she terminated her employment at the local post office because of the approaching nuptials.

Mr. Daniels, son of T. E. Daniels of Reno is also well known in this vicinity, having been a former resident of Truckee. He is employed with the Nevada Division of Highways.

FIREMEN'S DANCE IS PROCLAIMED HUGE SUCCESS BY GROUP

The carnival spirit prevailed at the Truckee Volunteer Fire Department's dance here Saturday night when more than 100 couples enjoyed the affair as the firemen kept faith in presenting an entertainment not soon to be forgotten.

Music was provided by the Four Aces who will play for the American Legion's Armistice Day dance here on November 11. Reports indicated that the dance was not only a social success for the patrons, but a financial one for the firemen.

MRS. WEEKS NAMED WORTHY MATRON OF EASTERN STAR

Mrs. Henrietta Weeks was elected worthy matron of Truckee Chapter No. 116, Order of Eastern Star at the annual election held November 2. Other officers named were Gustave E. Hofmann, worthy patron; Theresa Buddle, associate matron; D. Wesley Bowen, associate patron; Mary Rector conductress; Elizabeth Bavier, associate conductress; Jennie Watkins, secretary; and Elizabeth McKay, treasurer.

These officers as well as the appointive officers will be installed on December 6.

Pioneer Local Engineer Leaves Cab Last Time

M. J. (Mike) McCue who started his career with the Southern Pacific company as a section worker more than 46 years ago and eventually became one of the crack engineers for the company, stepped down from his cab for the last time on November 1 and was placed on the retired list of company employees who have served faithfully and well.

McCue is the first Truckee railroader to be retired.

As a fitting tribute and celebration of the honor, McCue was guest of honor at a dinner given at Donner Hotel Monday night by B. J. Reardon, foreman of the Southern Pacific's roundhouse here and another veteran employee of the company.

McCue operated engines over this division for 37 years and has earned an enviable reputation.

Small Loss Shown In Developing Of Trout This Season

Loss Far Less Than Last Year Records of Club Reveal

The splendid record made this year in raising trout to be planted in the Truckee river is shown in the following letter from W. F. Bowers, the president of the San Francisco Flycasting club, which annually, with the financial assistance of the local businessmen and the Truckee River Sportsmen's association, raises trout for planting in the river.

The letter, addressed to the Truckee River Sportsmen's association says:

Your membership and others who may have made donations to the fish feeding fund this season, will be interested in this comparison of results in 1936 and 1937.

In July, 1936, we received 102,000 rainbow and 75,000 Loch Leven fry, a total of 177,000 fish. Sixty six per cent of the Loch Leven and 27 per cent of the rainbows died. We planted in the Truckee river 101,037 fish.

1937

August 14, 15, 16 we received 175,000 rainbow fry hatched at the Tallac hatchery and held these in the trough until the Truckee river hatch of clams were 'away' — 3637 (less than three per cent) of these fish were killed or died. On October 19 we planted in the Truckee river, 171,363 fish averaging four and a half inches long, many were much longer. This was a saving of 70,000 fish over the results of 1936.

As soon as we have the figures, you will receive a report showing the cost of rearing these fish in our ponds.

Yours truly,
San Francisco Flycasting Club
W. F. Bowers, President.

NEW HIGHWAY ON DONNER SUMMIT OPENS TO TRAFFIC

The new section of the Sacramento-Truckee highway, one half mile west of Soda Springs to the Donner summit was opened to traffic this week, State Highway Engineer C. H. Purcell of Sacramento announced.

The project which cost \$240,000, includes a parking space near the summit where motorists may stop and view Donner Lake and the scenery in this vicinity.

The paving is a heavy type to withstand the action of snow plows that insure an open road for the traveling public during the winter months.

Fredericksen and Westbrook was the contracting firm and W. G. Remington the resident engineer on the job.

Attends Auto Show—

Colin Campbell left Tuesday with representatives of the Buick agency in Reno to attend a special meeting of the automobile men and view the auto show in San Francisco.

The Recreational Center Of the SIERRA

THIEVES WRECK FORESTRY TRUCK AT TRUCKEE WYE

Officers Seek Youth After Fire Truck Strikes Tree

VEHICLE DEMOLISHED

None Apparently Injured As Mystery Surrounds Robbery

Mystery still surrounds the identity of the bold thieves who last Friday evening stole a United States Forest Service fire truck, left parked for a few minutes in the western portion of Truckee and after driving it to the Tahoe-Truckee Wye left it abandoned in a badly wrecked condition against a tree.

Although a number of clues have been investigated, officers have announced no definite steps toward an arrest.

The truck, a Ford V-8 with a large water tank mounted on the chassis, had been left parked by Ranger H. I. Snider while he conversed with a Christmas tree dealer. When the local forest service official returned to where he had left the truck, it was gone.

A short time later motorists reported investigating a wreck at the Wye where the truck was discovered almost completely demolished. Although it was evident that the thief or thieves had been injured in the mishap, no trace of them could be found.

Children attending a party in the vicinity from where the vehicle was stolen reported seeing two men in the neighborhood acting in a suspicious manner. They obtained descriptions of the pair, but a search later failed to reveal them.

All that could be salvaged from the wreck, Snider said, was the water tank and pump. The balance of the machine was virtually demolished and it remains a puzzle how the culprits escaped without serious consequence.

FAST SNOW PROJECT STARTED BY ESPEE IN THIS DISTRICT

Extension of the automatic train control system which has been used between Andover and Emigrant by the Southern Pacific company to Truckee is included in the \$400,000 program by the company in preparation for its annual battle to keep traffic moving over the Sierras during the winter months.

Much of the program has been completed including the erection of the \$170,000 snow sheds at Eder.

The automatic control system prevents a train from going against a block signal by automatically bringing it to a halt. A magnet in the rails acts on an attachment on the locomotive which applies brakes.

It is necessary in the heavy snow area as it is often impossible for the engine crew to see the blocks.

Another safety improvement is the installation of a slide detector fence along the right of way at several points. When a heavy article hits the fence it automatically sets the block signals against oncoming trains.

LIONS WILL VISIT SPARKS CLUB ON NOVEMBER 18TH

Members of the Truckee Lions club last night made plans to attend a meeting of the Sparks club on November 18. C. Edmunds, president of the club last night read a brief history of the Markle party taken from the diary of John A. Markle concerning the trip in this area in 1849.

EXECUTIVE BOARD OF P. T. A. MEETS TO TALK BUSINESS

The executive board meeting of the Truckee P. T. A. was held at the home of Mrs. S. E. Gordon Monday at 7:30 p. m. Routine business was discussed.

ARMISTICE DAY

A song of joy swept round the world nineteen years ago on November 11.

Soldiers danced jigs of wild delight in the trenches, and millions of mothers wept for sheer gladness, the long torment of fear ended at last.

The world has never seen anything like the tumult and the cheering which stormed the heavens when word came the world's greatest and most terrible war was over. That war killed 126,000 American doughboys, and wounded and gassed nearly twice that number. It cost the world 400 billion dollars, and no nation is yet through paying the costs of that holocaust.

Yet today, civil and international wars rage again. Tragic as they are, they give a special meaning to America's celebration of Armistice Day. They make plain that war does not end war, that peace founded on violence breeds further violence, that what is achieved by force will be overthrown by force!

Truly, the American soldiers who gave their lives on Europe's battlefields will not have died in vain so long as we remember that lesson!

On this Armistice Day America salutes Peace and the men who fought to achieve it, strong in her determination not to break trust with those who died believing they had fought a war to end all war!

EARLY BIRDS ARE HERE

The political early birds are already out, hunting for the fat "pickin's."

Even though the earth has to make a full swing around Old Sol before next November's voting booths come in sight, early bird promoters are bestirring themselves to cast hopeful eyes on the California landscape.

AMERICA'S BIG JOB

"The surpluses of America's farmers belongs in the stomachs of American children, millions of whom are undernourished and poorly clad!"

This was the challenge to philosophies of economic scarcity voiced recently by Senator William Borah before a farm group. Presumably, the senator had nothing so visionary in mind as lining up these underfed youngsters to receive hand-outs of produce, ranging anywhere from cotton to eggs. This would certainly add nothing to their health nor to any farmer's income.

But the statement is important for this reason: it is dedicated to the reasonable proposition that as long as there are undernourished, underclothed, or ill housed people, America's capacity to produce should not be checked or penalized. Output of agriculture and industry would, in fact, have to be stepped up prodigiously just to fulfill the wants of even those who do not come under the heading of underprivileged.

A survey of a single western state, restricted to farm homes alone, got down to the brass tacks on the matter by finding out just what necessities would be purchased for these homes, exclusive of farm equipment. Results of the survey indicated this one state, not very densely populated, would immediately need \$100,000,000 worth of manufactured goods alone.

The nub of the question confronting America is to get more goods for more people. Authorative economists like H. G. Moulton have recently declared the only way to spread more goods is lower costs, and the only way to lower costs, without penalizing producers, is through more efficient production and more direct distribution to consumers.

Some Good Advice

Politically Speaking

By Jack Welter
United Press Staff Correspondent

SACRAMENTO, Nov. 4.—(UP)—The next few weeks should bring considerable activity—both productive of something and appropos of nothing—from the California assembly interim committees appointed recently by Speaker William Mosley Jones. Assemblyman Seth Millington of Gridley already has the off-season work of his committee on governmental efficiency and economy well under way in an inquiry into methods employed by the state board of education in awarding school book contracts.

Specifically under investigation by the committee during early sessions in Los Angeles was award of a book contract to the Silver Burdett Co., high and yet successful bidders among six firms seeking the same job. When Millington's group finishes its textbook investigation, reorganization of the Pacific Mutual Insurance Company of Los Angeles will probably be started.

Assemblyman Harold F. Sawallish of Richmond, chairman of the motor vehicle committee, expects to take up, among other things, the possibility of legislation covering compulsory liability insurance and the extent of liability in particular cases.

"California now is the leading state in the nation in the number of registered motor vehicles, having a total registration of approximately two and a half million at the present time, and the number increasing daily," he said.

"Such tremendous increase in the number of motor vehicles operated upon the highways of California has presented a great problem in the abnormal increase in the number of accidents resulting in death and injury to persons and property."

Complicating the problem Sawallish and his group will tackle, he points out, is the task of modifying and amending motor vehicle laws to keep pace with improvements in automobile manufacture, highway extension, traffic development and highway safety needs. Enforcement of the laws once they are enacted will be a problem for the committee to consider.

Assemblyman William Hornblower of San Francisco, who has served in the past as chairman of the committee, is a member of the Sawallish group. Hornblower is on record with a promise that the group will not be a snooping committee and favors following past policy wherein committeemen cooperated closely with an automobile committee of 45 which has given investigators invaluable aid in considering problems encountered in pursuing their job. The industry committee is composed of representatives of virtually every phase of the business.

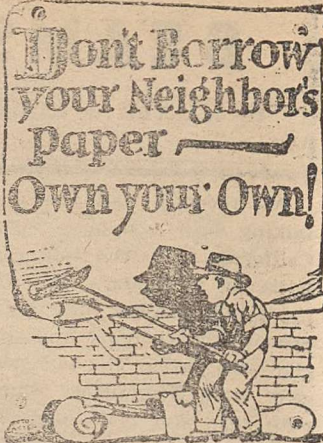

Purpose of the interim committee is to obtain prior to the legislative session all available ideas for new laws or remedial amendments, cull them down to those which are needed most and are most sound, then go into the session with a well-defined, stable legislative program.

Many legislators agree that the motor vehicle committee in the past has been one of the most efficient of these interim bodies and has been able to do much to expedite adjournment of the legislature.

When Jones announced his committee lists, topheavy with democrats, there was an instantaneous reaction in many quarters that the purpose of the committees would be lost. This impression was based on the theory that with a campaign year coming on, the democratic majority

TAHOE REGION NEWS

By Swanee

150 ATTEND GALA HALLOWE'EN PARTY AT TAHOE HOTEL

TAHOE CITY, Lake Tahoe, Nov. 4. The gala Halloween party held on Saturday night at Tahoe Inn was one of the gayest ever staged in the Lake region. Close to 150 persons were served turkey dinner on the long U shaped tables which circled the dining room.

Everywhere in evidence were gay Halloween decorations with a horn of plenty serving as the centerpiece, outpouring clusters of green and black grapes, pumpkins, red apples, oranges, bananas and nuts. Black and orange streamers hung from the walls and goblins, witches and skeletons danced everywhere.

Many of the guests attended in costumes and masks. Lake Tahoe school orchestra members enjoyed their first real test at successful entertaining, winning warm praise for their various well rendered numbers throughout the dinner. Many novel and interesting features were presented by the grammar school pupils.

TAHOE BOYS FAIL TO ATTEND MEET IN OAKLAND SHOW

TAHOE CITY, Lake Tahoe, Nov. 4. Due to a regrettable misunderstanding the Tahoe Ski club members elected to go to Oakland for the Sportsmanship show last week were denied their trip.

Perhaps it was just as well after all as the boys from the Auburn club who did go do not care to make the experiment again. Roy Mikkelsen, Auburn ace skier was the unfortunate victim of a fall which rendered him unconscious for ten hours. He was rushed to an Oakland hospital when he fell on the underhill, the accident being caused, according to spectators when his ski appeared to catch on a small obstruction which threw him off balance.

WOMEN SEEKING TO HAVE CLUBHOUSE AT LAKE REBUILT

TAHOE CITY, Lake Tahoe, Nov. 4. Mrs. Eleanor Swanson left for Auburn on Sunday with Mrs. Gerda Kvistberg of Tahoe Park. She served as representative for the Tahoe Women's club before the board of supervisors of Placer county at a hearing in the court house Tuesday at which time a request was made for sanction of the board to rebuild their Tahoe clubhouse on the commons recently destroyed by fire.

No action was taken following the discussion, a decision to be reached at a future date.

Tahoe Ramblings

(By SWANEE)

Recent Tahoe visitors were Dr. and Mrs. Harold Standard who remained for a number of days.

Mr. and Mrs. Willis Hevel were surprised last Thursday evening by their friendly neighbors who tendered them a party on the occasion of their 41st wedding anniversary. A delightful repast was combined with a social evening.

Including many recent donations, close to 150 books were destroyed in the recent destruction of Tahoe's first library, according to the librarian, Mrs. A. M. Anderson. Plans are underway to replace and augment the new library in temporary quarters in the Anderson home.

A new member has joined the Henry family in town the same being 'Smokey', a saddle horse of doubtful age and activity. Miss Patsy is finding much enjoyment in viewing Tahoe's wonderlands from her new seat of vantage. When snow flies Smokey will depart for pastures in the lowlands of Placer county.

The Misses Covey Wills and Margaret Heitman, sorority sisters of Miss Kathleen Starratt Anderson, University of Nevada student, enjoyed Wednesday at the lake where they were guests at the Anderson home for dinner.

Bob McGlashan, 22 year old nephew of Mrs. Bliss Hinkle and a grand son of the late C. F. McGlashan of Truckee, writes that he is stationed in the thick of the Japanese-Chinese conflict at Shanghai. A member of the marine corps, he is guarding a large warehouse in the midst of the engagements.

Mr. and Mrs. Bud Slater who have been honeymooning at Carmel ranch with friends for two weeks have returned to their Tahoe home. Their many friends and neighbors gathered Sunday night to tender them an old charvari.

The Tahoe Book Reviewers club met on Tuesday night at the school house. Many of the recent books were reviewed.

The Tahoe Women's club met at the home of Mrs. George Bliss on Thursday where the matter to attempting to rebuild the clubhouse on Tahoe commons was discussed.

A bridge party will be held for the benefit of the new clubhouse on Thursday at the home of Mrs. Matt Green in Tahoe Park at 1 o'clock.

Dr. and Mrs. George Hensel of San Francisco have closed their summer home in Tahoe Park for the season.

Mrs. Elwyn Freeman of Shingle Springs is spending several weeks

ROBERT WATSON IS HURT IN MISHAP ON NEVADA ROAD

TAHOE CITY, Lake Tahoe, Nov. 4. Robert Watson, Tahoe contractor, was reported injured in an automobile accident on Saturday near Wells, Nevada.

He was returning home from Idaho where he had gone on an elk hunting trip two weeks previously when the wreck occurred. The brief message simply said that he had been hurt and was taken to a Reno hospital.

VISUAL EDUCATION IS STILL INADEQUATE TEACHERS ARE TOLD

SACRAMENTO, Nov. 4. (UP)—Visual education, although presenting a wealth of potential development, still is in the experimental or entertainment stage, the state department of education has concluded.

Motion pictures offer a medium with natural appeal for students, but expense alone is sufficient to keep the program within a restricted radius for some time, officials said.

At present visual learning is underway only in some of the city schools. Oakland and Los Angeles have done work in this field and Oakland has invested more than \$6,000 in educational pictures.

Except as a pleasant diversion, however, the majority of California school children who have viewed instructive movies regard them as an out of school activity.

Educators, realizing the enormous influence of motion pictures in molding public thought, have recognized the future may bring a change in social trends, influenced to a large extent by the movies.

California officials, in suggesting to teachers the latent possibilities of films in education, have pointed out

with her parents, Mr. and Mrs. Jack Malcolm in the Bettencourt tract.

Mr. and Mrs. James Ferguson of Sunnyside observed their wedding anniversary on Friday night.

Mrs. H. H. Hull of the Tahoe telephone office departed on Sunday for San Francisco where she will assume a new position. She will be replaced by Miss Agnes Soll of Sacramento.

Mr. and Mrs. Phil Gallinger of Tahoe City are the owners of a new three room cottage being built by N. R. Mayfield in the Bettencourt tract.

Mr. and Mrs. E. H. Pomin, owners of Tahoe Park cottages, are erecting a six room deluxe guest house.

N. R. Mayfield is the contractor for the eight room home which is being erected at Rubicon Beach by J. A. Evers, San Francisco architect.

Mr. and Mrs. Ben Callender and son of Homewood were week end visitors in Santa Rosa.

Mr. and Mrs. Carl Beehdolt, Jr., who enjoyed a motor trip east and to Southern California were expected home this week. Beehdolt rejected a four year scholarship at Dartmouth and will enroll at the University of Nevada.

NEW GAME LAWS ARE SUGGESTED IN SPORTSMEN'S MEET

OROVILLE, Cal., Nov. 4. (UP)—With the furore of the 1937 legislative session only a few months in the background, half a dozen issues which the 1939 legislature will be called upon to deliberate already have developed from a three day convention of the Associated Sportsmen of California.

The organization agreed to demand that the state's appropriation for propagation of game at state farms be doubled and that salaries of all wardens of the fish and game be increased. Additionally, it was recommended that wardens be allowed to equip their cars with red lights and sirens.

The controversial issue of Klamath river pollution also well be brought up again two years hence, it was indicated. Although state authorities denied the water is being polluted, the convention adopted a resolution asking stricter regulation of mining along the river.

Auguring another possible legislative investigation, Robert L. Mann of San Francisco, past president of the sportsmen's group, demanded that commercial fishermen's profits from sale of striped bass be studied. Bass "accidentally" taken in fish nets are sold to state institutions.

Mann said three firms have a monopoly on packing and icing these fish. Although fish and game commission records show only one and a half cents a pound as the charge for this service, Mann said, the cost actually is 11 cents a pound.

Delegates beat down on an argument of potential dictatorship a proposal to make fish and game commission a constitutional body such as the state railroad commission.

A nine year old boy, Billy Bingham of Salinas, provided one of the session's highlights by winning first prize for killing the largest number of predators of any individual. The Salinas Rod and Gun club won the trophy awarded to the organization destroying the greatest number of predators.

State officials advised the convention that 34,839 predators were killed during the year.

The group elected Robert H. Allen president of the organization for his fourth successive year. It was the first time a president has been retained for more than three years. George Zehender was named first vice president; W. E. Berchicker, second vice president; Leigh Deming, secretary; Newton Booth, treasurer and Dr. Allen Power and Lowell Coons directors. The 1938 convention will be conducted at Harbin Springs, Lake county.

EDUCATION WEEK IS PROCLAIMED FOR STATE BY MERRIAM

SACRAMENTO, Nov. 4. (UP)—Firming education the cornerstone of American democracy, Gov. Frank J. Merriam issued a proclamation urging Californians to observe the week starting Nov. 7 as American Education Week.

"Representative government in order to be effective and enduring requires an educated citizenry," said the governor.

"The changes which have taken place in modern American industrial and social life must be taken into consideration in determining what should be taught the students in our

that standards of value which raise appreciation standards above the level of simple entertainment must be developed if the idea is to gain permanency.

Apart from regular classroom instruction through the camera it has been demonstrated in connection with the value of standards that a direct corollary exists between them and more thorough benefit from the existing commercial films, such as news reels, travel photoplays and the slow motion shots, widely used in traffic safety work.

Tone values, voice training and an opportunity to learn at first hand the necessity for accuracy and research exist in making a home made movie, casting the pupils as actors and actresses, the department suggested to state teachers.

The great problem, they said, is to educate pupils to the idea that movies can be more than entertaining, that properly used the movies can be a real and useful adjunct to modern education.

GASOLINE TAX ON UPTREND FOR 6TH MONTH IN A ROW

SACRAMENTO, Nov. 4. (UP)—For the sixth consecutive month the California gasoline sales during September showed an increase over the same period for 1936, according to the board of equalization report of state motor fuel tax assessments.

The gasoline tax assessment for September totaled \$4,532,409.84, approximately the same as reported for August, and an increase of 6.99 per cent over September, 1936. Total assessment for the calendar year to date amount to more than \$38,000,000.

This year's September tax report represented distribution of 150,880,327 gallons of gasoline.

public schools. The results obtained from such teaching will determine the value of our system of education as a force in democracy."

OLD WILL MAKES ROOT BEER DRINKERS OF MOVIE COMPANY

CHICO, Nov. 4.—(UP)—A clause in the will of a woman long dead has made root beer drinkers of the lusty Robin Hood's ale-quaffing merry men of Sherwood forest.

When the cast of a Hollywood company's Robin Hood film, now in production, sit down to a feast, all the other props are reasonably authentic. They eat beef, mutton and pork.

But in their ale mugs there is only root beer because Mrs. Annie E. K. Bidwell, an ardent prohibitionist who granted the city Bidwell Park and the massive oaks which attracted the movie company, she stipulated that alcoholic beverages must be prohibited.

LEGAL NOTICE

NOTICE OF PUBLIC SALE OF AUTOMOBILE TO SATISFY LIEN

NOTICE IS HEREBY GIVEN that on the Tenth day of November, 1937, at the hour of 10 o'clock A. M. of said day at the premises known as the Truckee Garage situated at the Truckee Garage in the Town of Truckee, County of Nevada, State of California, the undersigned will sell at public auction to the highest bidder for cash in lawful money of the United States the hereinafter described automobiles and motorcycle to satisfy a lien of the undersigned for storage and repair charges. The descriptions of said automobiles and motorcycle together with the amount for which lien is claimed are as follows:

1927 Buick Sedan (Standard Six), Engine Number 2165032; 1937 license Number CT 795 (Wash); amount due as of date of sale \$40.00; registered and legal owner Violet Matlock.

1929 Ford Coupe, Engine Number A 1432539; 1936 license number 27-573 (Nevada); amount due as of date of sale \$76.79; registered and legal owner Posey Motor Company.

Harley Davidson Motorcycle, Engine number 27JD3253; 1936 license number 11-017 (Calif.); amount due as of date of sale \$15.00; registered and legal owner Charles La Vallee.

Said sale will be made in accordance with the provisions of Sections 3051 and 3052 of the Civil Code of California and Sections 427 and 428 of the Vehicle Code of California and for the purpose of satisfying the lien of the undersigned on said automobiles and motorcycle in the sums hereinafter mentioned together with costs of said sale; said lien being for services rendered by the undersigned in storing, safekeeping and repairs on said automobiles and motorcycle. Dated October 14, 1937.

HOBART MILLS

The Hobart planing mills closed at noon Saturday and is the last of the working units in the place to close, the sawmill having closed in September, 1936, and the box factory last spring. Only four men have been employed in the planing mill recently under the direction of E. W. Canady, one of the oldest residents of Hobart Mills. This leaves a crew of about 20 men including office executives and a small crew engaged in sorting and loading out the last of the lumber. All work will be completed by November 15 and a watchman left in charge of the place.

With the closing of the planing mill the last motor driven by direct current was shut down and the alternating current was turned into service for the town. This allowing use of standard equipment such as radios to be used.

Chester Elliott of Truckee was a Hobart visitor Saturday and Sunday assisting in handling the change of the electric current.

W. J. Thomas of Tahoe City was a Hobart visitor on Sunday afternoon taking his sister, Mrs. Hannah Stewart, to Reno later in the day.

A daughter was born to Mr. and Mrs. William Campbell in Nevada City on October 27.

Mrs. Allen Hill accompanied by her son, Hollis and her mother, Mrs. Johannah Ragon have gone to Grass Valley where the family will reside in the future.

Mr. and Mrs. Henry Mathews of Sparks were guests of the E. C. Murrys on Thursday.

Mr. and Mrs. Harry Edwards and Mrs. Edwards father and mother, Mr. and Mrs. Greenfield of Missouri were visiting in town from Roseville Tuesday, going to Greenville to visit Edwards' parents, Mr. and Mrs. Walter Edwards.

Ralph Cardinal of Carson City was a Hobart visitor one day last week while returning from a vacation.

Mr. and Mrs. Jack Luhrs of Carson were guests of Mr. and Mrs. J. B. Clark on Sunday.

Louie Cavallo and his mother Mrs. Sam Cavallo were Hobart visitors on Sunday.

Karl Weeks and wife of Westwood were guests of Mr. and Mrs. J. B. Clark on Sunday.

TRUCKEE GARAGE

Date of first publication, Oct. 14, 1937.

Mrs. George Seymour of Brockway accompanied by Mrs. Frank Wilson visited in Nevada City Friday.

Mr. and Mrs. Harry Warren of Calpine visited friends in Hobart Mills on Saturday en route to Brockway where they spent the week end with Mr. and Mrs. George Seymour.

E. W. Canady and son Harold spent the week end in Roseville and Mrs. Canady visited at the home of her daughter, Mrs. Earl Smith in Truckee.

Relatives of the late Mrs. Pietri Lombardo were in town Sunday packing things at the Lombardo home.

Mr. and Mrs. Jim Latham have gone to Colusa where they will spend the winter months.

Mrs. G. E. McLeod and son John were in Hobart Mills Tuesday from Nevada City.

G. E. McLeod and son Harry have gone to Nevada City to make their home.

Morris Cardinal is leaving for Sacramento this week to make his home with his daughter, Mrs. Wilmoth.

Mr. and Mrs. L. L. Taylor will move into the Harry Woods house where they will reside this winter.

T. V. Jones has gone to Petaluma where he will reside in the future.

Mr. and Mrs. Ora Martin who have been in Hobart all summer have gone to Ceres to reside.

Charles Oliver of Reno was a Hobart visitor on Tuesday.

Mr. and Mrs. John McPherson expect to leave this week for their former home in Canada after having resided here for several years.

Vernon Story who has resided at Hobart Inn all summer has gone to Hilmar where he will be employed.

FARMERS TO GET SHARE OF CONSERVATION MONEY

SACRAMENTO, Nov. 4.—(UP)—Farmers and stockmen of California have received more than \$4,000,000 for their participation in the 1936 AAA conservation program, according to federal authorities.

Stockmen who joined in the range building program received approximat-

ely \$150,000, while farmers who switch ed crops to build the soil were paid about \$3,890,000. Payments for this year's program are expected to begin this month.

Total payments to Nevada county were \$2,266 representing \$1,303 for range building and \$962 to farmers for soil conservation.

COUNTY IS 'ALLOCATED ITS SHARE FROM LIQUOR FEES

SACRAMENTO, Nov. 4.—(UP)—The state board of equalization announced an allocation of \$1,447,259.75 to California's 58 counties as their share of liquor license fees issued during the first six months of 1937.

An equal sum, representing 50 per cent of the total fees earned during the first half of the year, was returned to the states general fund.

On the basis of actual licenses issued, Nevada county will receive a

Armor for All

JESUS of Nazareth came bringing to the world a new concept of brotherhood, co-operation, reciprocity. He taught that no longer should mankind render "an eye for an eye," and bade his followers love not only those who loved them, but all. He said (Matthew 5:44), "Love your enemies, . . . do good to them that hate you." Some might think this an infirm law—that the expression of love and forgiveness is weakness. Some are afraid to show leniency, lest another take advantage of them. Others are hesitant to arbitrate, lest conciliation be one-sided and partial. Yet no one can study the life of the master Christian without recognizing his power and authority. There was nothing faint-hearted about him, although he used no worldly weapons, but practiced and preached the law of Love.

In commenting on the commandment, "Love one another, as I have loved you," the Discoverer and Founder of Christian Science, Mary Baker Eddy, writes (Message to The Mother Church for 1902, p. 18), "No estrangement, no emulation, no deceit, enters into the heart that loves as Jesus loved." Then she asks, "Beloved, how much of what he did are we doing?"

Wars have been common because men have allowed material sense, greed, egotism, selfish ambition, and fear to prevail. Much progress has been made since the olden days when Deity was known as "a man of war," a tribal god to be worshipped with fear. A wise man proclaimed (Proverbs 20:3), "It is an honour for a man to cease from strife." Love only can liberate the world. Desire for tranquil, amicable relations with one another is becoming widespread. It is a joy to see the prayer for peace taking possession of families, communities, and nations. World peace will be the far-reaching result of individual love for God which is so deep and pure that it includes all mankind. Indeed, one cannot rightly worship God without practicing loving-kindness to his brother.

Paul, who had himself been redeemed and completely regenerated from a life of strife, narrowness, and persecution of innocent persons, stated definitely that our weapons "are not carnal, but mighty through God to the pulling down of strong holds." Later, reminding the Ephesians of the nature of their equipment "against the wiles of the devil," he told them to put on "the whole armour of God." One of the captions at the top of the chapter in one Bible reads: "The complete armour of a Christian."

Wearing "the breastplate of righteousness," we find that right thinking is always more effective than wickedness, that love is greater than

wrath and will eventually be victorious, regardless of how domineering or influential error seems to be. To be "shod with the preparation of the gospel of peace" is to put God first. It requires self-improving qualities—resolution and self-discipline, relinquishment of material desires, aims, and fears. Faith by which to quench "the fiery darts of the wicked" is an essential quality. It includes trust, confidence in good, hope, love. Who would not exchange the carnage of material warfare for this equipment, this armor of Love, with its untold power and dominion, and have the world transformed by the renewing of individual thought!

"The helmet of salvation" may be regarded as the understanding of God and of man as His reflection which is able to demonstrate Truth as supreme over the clamor of evil. Paul mentioned as the last item of the Christian's equipment "the sword of the Spirit, which is the word of God." What better, more dynamic weapon can we have than this? What adequate protection, what friendly living, would result if every world citizen lovingly wielded this "sword"? World peace would be an assured fact.

Quarrels and strife result because we have believed in enemies. . . . Evil is false belief, and wrong thoughts are our only enemies, for they would attempt to deface the Christ-image. Matter and evil beliefs are inseparable. Greed, dishonesty, human will, and hate are the inevitable result of choosing evil, material thoughts. Rejecting these scientifically, we come into our rightful heritage, expressing the perfection of the one perfect Maker. When Spirit is understood to be infinite Love, just, ever present, "no respecter of persons," then men will experience health, progress, and normal living, for this is the birthright of the children of God.

All that Paul had counted as gain was laid aside, and what victories were his through the power of Christ! If every person on earth today were to arm himself with "the whole armour of God"—the understanding of Truth and Love—there would be no need for other armaments, and reciprocity, co-operation, and peace would be established. Funds formerly used to finance wars could be diverted to education and improvement, for the only cost of these armaments would be the relinquishment of hate, pride, and fear, and the exquisite reward—the kingdom of heaven on earth! Mrs. Eddy writes (The First Church of Christ, Scientist, and Miscellany, p. 210): "Good thoughts are an impervious armor; clad therewith you are completely shielded from the attacks of error of every sort. And not only yourselves are safe, but all whom your thoughts rest upon are thereby benefited."—The Christian Science Monitor.

This Week At The State Capitol

By JOHN ABBOTT
United Press Staff Correspondent

SACRAMENTO, Nov. 4.—(UP)—Norman W. Church, Los Angeles horse breeder whose feud with the California Horse Racing Board is deep seated and bitter, returned to the wars in a court action to compel reinstatement of his trainer, Thomas J. Carroll.

Church marshalled an imposing battery of legal talent, headed by

U. S. Senator Burton K. Wheeler of Montana to lead the fight for a writ of mandamus to compel the board to lift the suspension of Carroll.

After long drawn arguments, the case was suspended after the Santa Anita board of stewards testified Proclivity, a horse owned by Church and winner of a New Year's day race at the track, was doped.

Behind the move which brought four leading lawyers here to battle for a horse trainer's license lies an involved story.

Church, who has no mean investment in the horse breeding property, has contended for a long time that Carelton F. Burke, racing board chairman, is incompetent. In addition he has alleged in charges filed with the governor that the board has discriminated at Santa Anita against the Church stables.

Reorganization of the board, which however, retained Burke as chairman, only increased Church's ire against all concerned, including the governor.

This explains why he is willing to incur considerable expense to get his trainer reinstated. As Church sees it, a successful move in this direction would go a long way toward improving his status in California horse racing circles, which, he asserts has been damaged by what he terms the prejudicial action of the board.

John R. Quinn, chairman of the veterans welfare board, informed a governor's council meeting the duke and duchess of Windsor should inspect the California war veterans' home financing plan as an example of the finest low cost housing project in the United States.

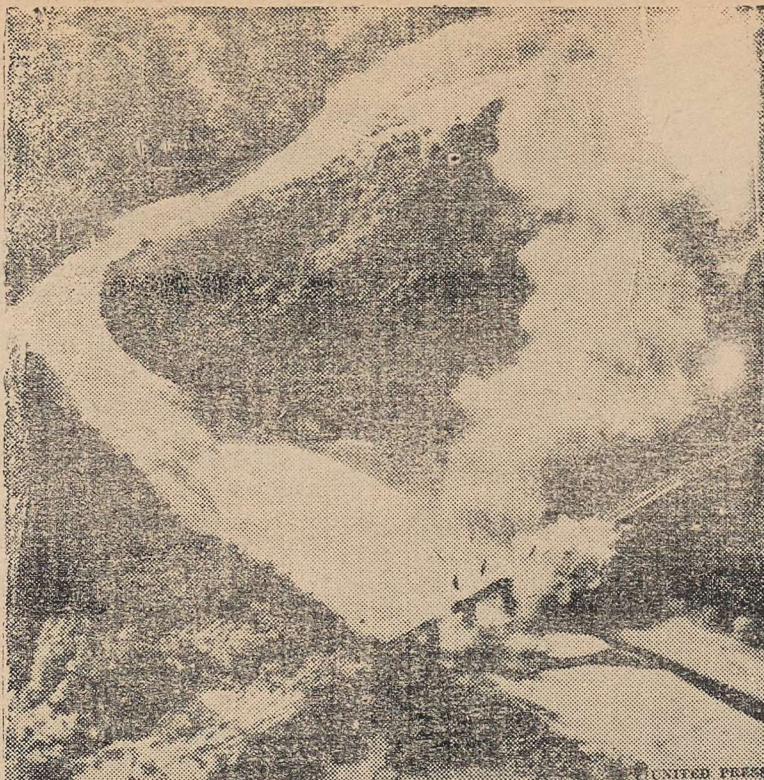

State director of Institutions Harry Lutgens offered a pay as you drink policy for the state's confirmed alcoholics.

Lutgens said the state is operating a Kegley cure for about 800 victims of chronic alcoholism who are taking up beds that should be used for the institutional cases.

Mrs. Florence L. Turner, who heads the department of social welfare, said that payments to California's old age pensioners have almost doubled during the last year because of the increase in number of persons receiving aid and liberalization of the

Bomb Scores Direct Hit On Bridge

This photograph was taken from a Japanese bomber just after it had scored a direct hit on a railway bridge on the Hongkong-Hankow Railway, seriously crippling transport of troops and ammunition to the Chinese on the Shanghai front. The photographic evidence would seem to belie claims that the Japanese airmen are poor marksmen.

HIGHWAYS AND SKYWAYS MEET

Greyhound Cruisers and Douglas Skyliners now cooperate to bring added convenience and deluxe transportation to discriminating travelers. Through tickets are now available, and closely co-ordinated schedules between plane and Greyhound make it possible to reach all points of the nation with speed and comfort.

MINIMUM PENALTY ASKED BY STATE BOARD FOR RUM LAW VIOLATIONS

SACRAMENTO, Nov. 4.—(UP)—The state board of equalization has agreed that the board policy hence-

The California Toll Bridge authority again deferred action on the proposal to purchase the privately pension laws by the 1937 legislature.

owned Carquinez bridge or erect a competing state span. The authority said because of a state railroad commission hearing at San Francisco on Carquinez tolls it preferred to withhold action.

State employees, numbering more than 4500 saw their hopes for an immediate salary raise dashed again when the state personnel board heard recommendations for the boosts and took the information under consideration for further study.

The report, compiled by the boards technical staff, recommended increases in the lower brackets totaling \$761,440 annually. Also proposed were reductions amounting to \$16,940 for approximately 100 workers now receiving in excess of the maximum salaries for their positions.

The state advisory pardon board reported to the governor its recommendations that he commute to life imprisonment the death sentence imposed upon Hugh Smith, condemned with Alfred Paine to be hanged for the slaying of Police Chief Elton G. Fish of North Sacramento.

The board unanimous in the Smith case, voted 3 to 1 against similar recommendation for Paine, convicted of firing the shot that killed the officer.

BUILDING PROGRAM MAY REDUCE EXCESS POPULATION IN MENTAL HOSPITALS

SACRAMENTO, Nov. 4.—(UP)—A widespread building program in effect for more than a year will reduce excess population in California mental hospitals 17 per cent by March 1, Director Harry Lutgens stated in a report to the governor's council.

forth shall demand a minimum penalty of at least 10 days license suspension for all violators of the law prohibiting the sale of liquor to minors.

The policy was adopted following consideration of several cases in which referees recommended suspension of two or three days for offenses occurring under mild conditions. Board members agreed the penalty should be a minimum 10-day suspension for any such offense or the case should be dropped.

SMALL FLASK CONTAINERS FOR WINE OUTLAWED BY STATE EQUALIZATION BODY

SACRAMENTO, Nov. 4.—(UP)—Packing a bottle of wine to a party is going to be more difficult for Californians from now on.

The state board of equalization has issued a warning that small flask containers for wine will be outlawed on and after December 31. Directed to all state liquor control officers, the order is directed toward concerns bottling and packing wine.

It prescribes wine shall not be "packaged or bottled in any flask containers of less than one-half gallon which are the same or similar to the type used for packaging or bottling distilled spirits," in accordance with a new section of the act.

Bottles of less than half a gallon, the board explained, must be absolutely round in contour.

SOL SHERIDAN APPOINTED ASSOCIATE CHIEF IN STATE EMPLOYMENT SERVICE

SACRAMENTO, Nov. 4.—(UP)—Appointment of Sol N. Sheridan, former manager and public information officer of the California State Employment Service, to the post of associate chief has been announced by Roy S. Stockton, chief of the division.

Stockton also announced appointment of Irvin F. Stewart of San Francisco as veterans placement representative. Stewart previously was associated with the federal housing administration.

Both men will have headquarters in Sacramento.

CORPORATIONS SHOW GAIN

IN PROFITS OVER LAST YEAR

SACRAMENTO, Nov. 4.—(UP)—The state department of finance reported to the governor's office quarterly earnings statements of 75 corporations operating in California disclosed net profits from this year above 15 per cent for the corresponding period in 1936.

Director Arlin E. Stockburger said reports covering the third quarter reveal smaller proportionate gains than prevailed earlier in the year, and it seems probable, therefore, that the final summary for 1937 will show comparative gains amounting to less than the 15 per cent now indicated.

POLITICALLY SPEAKING

(Continued from Page 2)

would lose little time in combing down the administration.

Without exception, however, those committee chairmen heard from thus far have unanimously disclaimed intentions of snooping or muckraking.

One of the committees which may inadvertently, or otherwise, stir some criticism of the administration is Chairman George F. Miller's group designated to inquire into the civil service setup.

There is much resentment smouldering behind placid exteriors because Gov. Frank F. Merriam, predicting a balanced budget and a surplus by 1938 election time, vetoed a \$2,000,000 appropriation bill which would have permitted adjustment of salaries of state employees in the lower brackets.

When the civil service committee gets rolling along this track, it appears a safe prediction that representative activities of the state employees' association will be among the first to come forward. There are few officials who do not admit something should be done to increase salaries in the underpaid classifications.

One prominent official cited the case of a clerk, married and father of two children, who is receiving \$75 monthly salary after seven years in the same department.

LEGAL NOTICE

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

October 28, 1937.

To Whom It May Concern: Notice is hereby given that fifteen days after the above date, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Sierra Tavern, Truckee, California. Pursuant to such intention, the undersigned is applying to the State Board of Equalization for issuance of alcoholic beverage license (or licenses) for these premises as follows:

On sale beer and wine.

On sale distilled spirits. Anyone desiring to protest issuance of such license (s) may file a verified protest with the State Board of Equalization at Sacramento, California, stating grounds for denial as provided by law.

Coleman OIL BURNING HEATERS

A 2-WAY Heating Service at Low Cost

When you heat with a Coleman Oil Burning Heater you get the advantages of Coleman's 2-WAY HEATING SERVICE—and other fine features.

1. A FOCUSED COMFORT ZONE OF RADIANT HEAT—When Heat-Reflector Doors are open.
2. A TREMENDOUS VOLUME OF CIRCULATING HEAT—When Heat-Reflector Doors are closed.
3. HEAT-RADIATING FINS—Provide greater heating surface.
4. COLEMAN FUEL-SAVING BURNER—Burns all the fuel—none wasted. Produces more heat.

Coleman Oil Heaters provide extra comfort, cleaner, more healthful, more economical heat. Operating cost is less, because Coleman Heaters recover 80 to 85 per cent of the heat produced from low cost furnace oil. Enjoy this low-cost heat.

PARTIES PREVAIL IN TRUCKEE AS GROUPS OBSERVE HOLIDAY

Parties prevailed among the young people of Truckee during the Halloween week end.

Misses Ellen Louise Everett and Elaine McCallen were hostesses at an enjoyable party Friday evening for a group of their classmates at the home of Mr. and Mrs. Marion McCallen. Amusing games and stunts held the interest of the guests until the supper hour when refreshments were served.

Another party of the week end was given by Misses Marjorie McAdams, June McCallen and Marjorie Parr at the home of the latter's mother, Mrs. Lyla Parr on Saturday evening.

The spirit of Halloween prevailed throughout the evening and refreshments, appropriate for the occasion, were served to the guests.

At the Glenn Harris home, Norma Lee Harris and Buddy McCallen entertained a happy group on Friday evening with decorations, games and refreshments indicative of the approaching night of goblins and ghosts.

City News in Brief

PHONE 161

JOE FRANK NAMED CHAIRMAN BOARD OF SUPERVISORS

Joe Frank of Rough and Ready Township was elected as chairman of the board of supervisors of Nevada county to replace E. B. Dudley who resigned to take another position.

Cary S. Arbogast had been acting as temporary chairman.

Jay C. Coughlan of North Columbia, recently appointed by Governor F. F. Merriam as a member of the board took his seat at a meeting of the board held in Nevada City Monday when the group reorganized.

More than \$10,000 in old age security claims were audited for payment, the subject occupying the attention of the supervisors for the greater part of the session that was devoted to routine affairs.

Visit Here—

Mr. and Mrs. Frank Garrette and daughter, Miss Jeanne, occupied their home on Donner Lake over the week end and visited friends in Truckee.

From Tulare—

The Misses Victoria, Yvonne and Azad Joseph, accompanied by Mrs. and Mr. J. Archie have returned from Tulare where they had been visiting.
